Bright Tomorrows

***Early Intervention Providers
(Birth-to-Three)
In Southwestern PA***

We know that entrusting
anyone with your child's
future is a big decision, so
please don't hesitate to call
and ask questions.

*Provided by
Neurological Therapy
Specialists, Inc.*

We can provide your child with:

Physical Therapy- skills such as sitting, walking, large movement control

Occupational Therapy- sensory-motor control

Speech Therapy- talking, understanding speech

Special Instruction-thinking skills, behavior

Extra services which our therapists provide:

Listening Therapy- music which helps sensory processing, especially with Autism spectrum

Feeding Therapy- swallowing, oral motor control and self-feeding.

We help your child learn to move, think, play, eat, and talk. Our sessions will look like “play” because this is how your child learns.

Through our therapies we promote continued developmental progress.

The team of family, child, therapist and case manager work closely together. Each session is in home, community or in other natural environments.

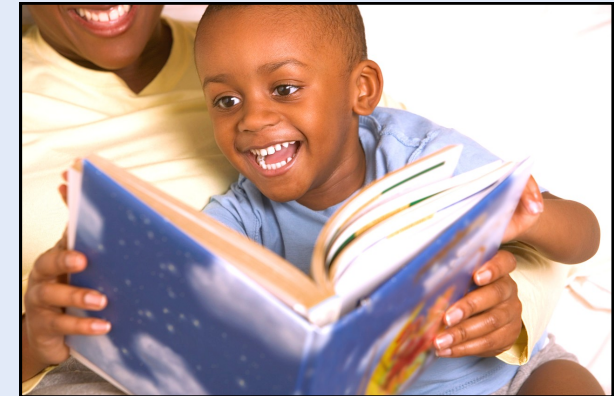

We work with your daily routines so that you and your child can enjoy family activities together.

Your child enjoys learning new skills while your family stays the center of your child’s success.
